Feature at a Glance

Introducing: Guided Buying Checkout Page Update

Ease of implementation

Low touch / simple

Geographic relevance

Global

Customer challenge

Today checkout user interface displays information to the user that can require a lot of scrolling if the user is requesting multiple items.

Meet that challenge with **SAP Ariba**

With the feature, the Guided Buying checkout user interface will be redesigned to be more efficient and present the user with information that is more easy to understand.

Experience key benefits

Users can now quickly review multiple line items at checkout with minimal scrolling.

Solution area

Guided Buying

Implementation information

This feature is “off” by default. To enable this feature, you can set the guided buying parameter ‘PARAM_ENABLE_NEW_CHECKOUT’ to ‘true’

Prerequisites and Limitations

NONE
